SAGE ACADEMY TECHNOLOGY AGREEMENT

SAGE Academy is pleased to make available several online educational opportunities. These may include, but are not limited to:

-Scratch, students can learn computer programing
-Hour of code, computer coding
-Sumdog, Mostly math but also includes some reading & spelling/ Khan Academy
-Typing Programs
-Foreign language apps
-Phonics games, etc.

Student's use of tech devices and the Internet at school is a privilege and misuse may lead to suspension or cancelation of the student's participation. Technology devices may include school computer, school tablet, personally owned computer, personally owned tablet, cell phone, etc.

While class is in session, the following activities are not permitted on tech devices:
A. Playing or "just checking-in" on personal video games.
B. Any social media or instant chat apps.
C. Checking personal email
D. Checking personal messages or texts
E. Posting any personal information about themselves or other students during school hours. This includes taking and posting photos.
F. Plagiarism is not permitted. (the taking of material created by others and presenting it as if it were one's own)
G. Accessing any inappropriate material- violent or otherwise.
H. Making purchases of any product or service. This does not include the purchasing of classroom-use apps and programs.

I agree to use tech devices and the Internet respectfully and maturely.

I agree to the above rules.   _____- student _____date

I give permission for my child to use tech devices for educational purposes during school hours and understand SAGE will do it's best to keep the Internet a fun & safe space, but cannot guarantee so. I understand the school rules regarding use of technology during school hours and I agree with them.
